In celebration of [Breast Cancer Awareness Month](#), Dr. Danny Han invites women of all ages to participate in a free health screening at his Farmington, CT clinic. Each health evaluation takes about 30 minutes and may include pulse diagnosis, tongue examination, and face reading as well as our new modern Acu-Graph technology. Women of all ages and health concerns are encouraged to participate. Walk-ins are welcome.

Acupuncture has been clinically proven to ease the side effects of breast cancer treatment. This holistic therapy is also effective for treating other common female complaints such as: PMS • Menstrual Pain • Menopause • Infertility • Morning Sickness • Sexual Dysfunction • Facial Rejuvenation (Cosmetic Acupuncture) • Detoxification & Weight Loss • Foot/Heel Pain • Acne/Eczema • Breast Pain
